

Free optional services with .SE Direkt

Make sure that you have entered the correct information!

If you have several domain names registered under the same corporate registration number/personal identity number, enter all names in the line below.

You can use the DomainManager, <http://domanhanteraren.iis.se>, to administer your domain(s).

Mandatory information is indicated by an *. Please print clearly!

*Domain name:	
*Name of registrant or company:	
*Registrant's corporate registration number or personal identity number:	

I would like to receive e-invoices. This means that the bill for the current annual fee for my domain name will be sent to the e-mail address that I entered above.

I would like automatic address updates. This means that if the address registered with .SE Direkt differs from the one held by the Upplysningscentralen credit information agency, it will automatically be updated prior to billing.

I would like the multi-year payment option for years. You can choose a payment period of one to ten years. For example, if you choose five years, these five years will be paid in advance. The next bill will also be for a period of five years unless you actively update this in the DomainManager.

I would like the text-messaging service. This means that .SE Direkt will send a text-message reminder if your domain name is at risk of being deactivated
Mobile number _____

Date: _____

Signature of registrant, authorized signatory or President

Printed name

The undersigned assures that the above information is true and correct.

You can fax, scan and e-mail or send the completed form by traditional mail to the .SE Direkt address below.
